

A Letter to my Teacher (Email Etiquette)

Dear Grade 8 students,

I am so excited to be your teacher this year! Since we will be spending so much time together, I thought there were some things you should know about me.

Firstly, I just moved to Salmon Arm this past summer from Guelph, Ontario. The highlight of my summer was definitely the cross-country roadtrip I took with my older brother to get out here! We visited so many great places and especially enjoyed hiking in Lake Superior Provincial Park, Dinosaur Provincial Park, Banff, and Yoho. Since living here, I've continued to explore the outdoors by both hiking and mountain biking. BC is amazing!

When I was in grade 8, my favourite subject was definitely PE, closely followed by math. I like to play almost every sport, but played soccer and badminton in college. Recently I've been watching a lot more basketball (go Raps!), and I'm always game to play volleyball, ultimate, or frisbee at the beach.

As a teacher, I have experience teaching grades 4, 6, and 8. However, this is my first year with my own classroom! I think we will all learn a lot this year, and I appreciate your patience in advance as I attempt to figure things out and try some new things in the classroom. I like to do a lot of group work in my classroom and would rather have students working on projects instead of giving tests. I try not to assign a lot of homework, unless students are too chatty during class time!

I hope this letter tells you a little bit about who I am as a teacher and as a student. I think we will have a great year in grade 8!

Sincerely,
Miss Guetter
